

MNTC 23

MESSAGE FROM THE ORGANISER

I hope that you are all looking forward to MNTC 23 as much as I am. It is good to meet with old friends and get to enjoy some excellent competition.

When I started organising MNTC back in 2002 at Herne Hill, it was a real blast from the past with riders entering who used to ride in my meetings at Herne Hill in the 70's and 80's.

Two years at Herne Hill, followed by two years at Welwyn, then one at Scunthorpe before we landed at Newport, which is where we have been ever since. The number of entries rose to a peak just before covid but has dropped since. Encouragingly this year they are up a little on last year.

However, after much thought and debate with myself, I have decided that this will be the last MNTC that I will organise. I want to stop under my terms and not through ill health or worse.

Over the years I have been privileged to make friends with some wonderful people, I've met a few rogues, and have bucket loads of memories to take with me. I hope that whoever takes over next will get to enjoy the same.

May you get to celebrate the success that you deserve, the companionship of your peers, and a safe and enjoyable MNTC 23.

Graham
