

**British Cycling Masters National Track
Championships**
27th – 30th June
Newport Velodrome

WORLD BEST PERFORMANCES (Records)

For riders who set World Masters records* during the Masters National Track Championships this year, we will again be offering the opportunity to have their records ratified.

To facilitate this we have arranged for, and will cover the attendance fees/costs of the UKAD testing personnel, but the rider will have to pay for the cost of the anti-doping (urine) test, which will be £528 payable to UKAD.

The records are here – although we are not allowed to call them *records” the parlance is “Best Performance”
